Division 295 Toronto

Mactier Sub Transit Times

Below are the agreed upon times for transit by highway between points on the Mactier Subdivision and Toronto Yard and Mactier Station. Please note there are times that reflect rush hour periods as well as non rush hour.

When it is determined that a crew will need to be taxed from their train in order to have them off duty within the ten hours, actions must be taken to do all possible to have the crew at their place of rest prior to their ten hours on duty.

The train crew must be in the Taxi with sufficient time to arrive at their place of rest as described in the transit times below.

Should a Crew give notice to be off duty and at the place of rest within the 10 hours consideration must be given to the time of day, should rush hour or part of rush hour comes into play, additional time may be required to transport the crew to their place of rest.

Particular attention in the Greater Toronto Area will be required for statutory holidays such as Friday of a long weekend, and for Friday afternoon and Sunday afternoon traffic during summer time for the cottage traffic.

Canadian Pacific has agreed to pay the contractor (Halcon) the 407 toll charges which would assist in this objective.
