April 27th 2017

Sisters and Brothers,

OM Update:

As you know resolving OM payments has been an ongoing issue. This problem continues to evolve and as of today we are told that CMC is to track claims that were submitted, further we now strongly suggest those who did not submit at time of incident should IP claim now with ALL comments. Please ensure that you include dates, times, train numbers and that the claim is for OM.

Running past Lambton Award:

Unfortunately, but not surprisingly we are at odds with the company as to meaning of the Stout Award. At this point we are asking all members who were forced passed Lambton (Both ESR & RT Pools) to submit a 100 mile IP claim for each time this occurred. Please include details including what the claim is for, dates, times and train numbers.

We are asking for each member to ensure that the above claims are submitted ASAP. The union will continue to do everything possible to ensure that these awards are respected as written.

Your continued patience and support is appreciated.

In Solidarity,

Greg Banton
